## INSTALLATION

**DROP-IN:** Cut opening large enough for the sink to be "dropped in" to countertop.

**UNDERMOUNT:** Cuts in countertop are up to the discretion of the installer. Clips or other installation method must be provided by the fabricator/installer.

Use 100% silicone adhesive to adhere sink to countertop. Clean any excess silicone from sink surface.

## CARE

Use mild soap and water for everyday cleaning. Avoid any harsh abrasives and chemicals or acidic cleaning products. May use a grout/tile sealer 1-2 times per year to maintain mosaic.

NOTE: The rim has a living finish which will change with time and use. A paste wax may be applied periodically to protect the finish and help with water spotting.

## WARRANTY

Linkasink warranties our product to be free from manufacturing defect for the life of the product. Warranty does not cover improper care, neglect or abuse.
